

Tips to start a writing group

1. Short check in – what am I writing about today? OR What do I need to get out of the way so I can write? OR What do I want to write about today? OR Where I am with my writing project on this day?
*
 2. Start writing.
 3. Write for about 60 minutes.
 4. Take a break.
 5. Share about your process or whatever else feels important. Give encouragement only.
 6. Set next meeting date.
 7. Say your goodbyes.
